

ALUMINUM WORK CART

Tested Tried True

Breaking down a job after production has never been easier than now thanks to the revolutionary Aluminum Work Cart. Roll right up next to the press with all the tools, screens, and ink on one cart to speed up both set up and break down. Fitting through all standard size doorways with ease, this cart goes straight from the darkroom to the press all in one trip. Its melamine coated table top offers easy wipe down and chemical resistance for quick ink clean up. The Aluminum Work Cart is simply a "must have" for any shop big or small.

BONUS FEATURE
The table top is reinforced with a 3/4 inch bumper frame to prevent items from rolling or vibrating off when moving the cart.

The Aluminum Work Cart is equipped with universal screen slots to easily fit both 20x24 and 23x31 inch frames.
