PROTEC SERIES 3960

ProTec Series 3960 is the solution for heavy-duty or power sport applications exposed to high levels of abrasion, acting as an extremely durable barrier to protect decals and graphics while maintaining optical clarity. ProTec Series 3960 is a flexible, high performance, 12-mil overlamine on a clear synthetic liner with a quick “wet-out” adhesive system keeping ultimate gloss retention and pristine image quality. With efficiency top of mind, ProTec Series 3960 is designed to be laminated cold, without heat.

Unique Features:

- ▶ Excellent Clarity and Gloss Retention
- ▶ Designed to be Laminated Cold, without Heat
- ▶ Quick “Wet-Out” Adhesive System
