Additional Notes

Disclaimer: The above is for REFERENCE ONLY and should not be used for commercial quotation or bid without validation. The material estimates for LED's are based upon our engineering standards and information provided pertaining to font, letter height, can depth, can height, face material, and any special instructions provided by the customer. LED module placement is an APPROXIMATION ONLY. The sign manufacturer must verify and may need to adjust module placement to ensure even illumination. Final material estimates are for quotation purposes and suitably, thereof, the responsibility of the sign OEM. All signs should be tested as complete units, including correct power supply) before installation for acceptable color, illumination, intensity, & functionality. Martin Supply Co. Inc. is not liable for lost production time or any other expenses related to using LED's due to layout estimates.
